Marriage of Miss Carrie Grace and Mr. Arthur Sugars Today.

LEFT FOR 'CALIFORNIA.

Miss Tranner and Mr. Wheeler Wed at the German Evangelical Church.

CALDWELL-QUINN. MARRIAGE.

The marriage of Miss Carrie Grace Caldwell and Mr. Arthur Sugars took place this morning at 11 o'clock at the home of the bride's father, Mr. Augustus Grace, on North Fourth street, Rev. W. E. Case of the First Presbyterian church officiating.

A large number of friends and relatives witnessed the ceremony, and the wedding was quite a pretty affair. The bride was charming in a traveling gown of blue. After the service was pronounced making them one they were congratulated on all sides, and went at once to the depot, where they took a train for St. Louis.

After two days there, they will go to Kansas City for a few days before proceeding to their future home in Nevada, Cal.

Miss Grace is one of the prettiest of the younger set, and is a young lady who has always had many admirers. She is daughter of Mr. Augustus Grace, who has resided here for many years, and graduated two years ago in the public schools.

Mr. Sugars formerly resided in Paducah, but is now a contractor on the Santa Fe road, in California. He is a nephew of Conductor Sam Sugars, of the N. O. and St. L., who resides in Paducah.

Mr. and Mrs. Sugars received a large number of remembrances from their many friends.

The marriage of Miss Mary Brenner and Mr. Louis Wheeler took place this morning at 11 o'clock at the German Evangelical church at 10 o'clock. Rev. R. F. Weller officiating. They left on a trip last night.

Miss Carrie May Bledge was married yesterday at Conn. Miss, to Mr. Thomas Bledge. Miss Bledge was a popular visitor of Mrs. J. R. Dorris a year or so ago and is pleasantly remembered by the friends who made them, who will read with interest and best wishes the announcement of her marriage.

The marriage of Mr. James M. Grady and Miss Julia Hanway takes place at 11:30 today at Greenville, Miss. It is to be a very small church wedding. Mr. Richard Hinde of the city, who is the best man, left Monday night for Greenville and will return tomorrow.

License to marry was this morning issued to R. H. McQuay, aged 27, of Indiana, a buggy top dealer, and Mary E. Spitzer, aged 19, of Woodville. The marriage will be performed tomorrow. Both are well known young people, and have many friends who will be pleased to learn of the match.

HELPING THE NEEDY.

HOW THE CHILDREN AT THE HOME OF THE FRIENDLESS ARE CLOTHED.

The different churches have a novel way of helping those at the Home of the Friendless.

The different Sunday school classes take one particular inmate, who is selected by the class, and clothe it for one month. In this way the expense is lessened to each member of the class, and the children are clothed in the most becoming manner.

PASTOR APPOINTED.

REV. J. H. DAVIS ASSIGNED TO THE MECHANISBURG CHURCH.

The Kentucky Methodist Episcopal conference, in its assignments for the Louisville district, sent Rev. J. H. Davis, back to the Mechanisburg Methodist church, Paducah. This is the only one of particular interest to people in this end of the state.

Tonight Arrangements For the Big Waterways Convention Will Be Held at the City Hall.

The following letter has been sent out to delegates of the Ohio Valley Improvement Association, the annual meeting of which on October 23 and 24 is to be arranged for at a mass meeting called for tonight at the city hall:

"To the delegates of the Ohio Valley Improvement Association:

"Dear Sirs:—On the 23d day of October, 1901, the annual convention of the Ohio Valley Improvement Association will convene in this city. The citizens of Paducah with an interest in the improvement of our navigable waterways, greater than any city of its population in America, and who are thoroughly appreciative of the labors of the above Association, have prepared to leave nothing undone which may contribute to the comfort and pleasure of our guests on this occasion.

"For the city of Paducah and its citizens we extend to you a most cordial invitation to attend this meeting, believing that we will earnestly strive to do our part in making your visit a pleasant, and we hope, ultimately a profitable one.

"Very respectfully,
"Jas M. Lang, Mayor.

INVESTIGATION BEGINS.

INSPECTORS HEARING EVIDENCE RELATIVE TO THE GOLCONDA DISASTER.

Inspectors J. H. Moore and R. H. Williams of Evansville, arrived in the city yesterday afternoon and will hold an investigation of the steamer City of Golconda disaster today in room 10 of the government building. The investigation was begun at 9:30 and will be continued through the day. The time that will be consumed in the examinations can not be determined, but there is a large number of witnesses.

The investigation is one similar to those held after every steamboat disaster, and is to determine the responsibility if there is any, for the accident. The inspectors never give out anything, hence their conclusions will probably be kept a secret.

The inspectors stated regarding the investigation:

"We have nothing to say or to give the public," they said, "but before we leave the city we will probably make a statement to the papers. This investigation is only a preliminary one and has no serious bearing on the case."

The following are the witnesses who will be examined:

Messrs Chas. Conant, Smithland; R. H. Garner, Bay City; John L. Walters, Waltersburg, Ill.; Harry E. Werton, Hampton, Ky.; Chas. Hayden, Metropolis; Eugene Guesse, Tolu, Ky.; Jesse Baser, Golconda; Clarence Coker, Golconda; Bob Davis, Mount Vernon; Walter Thomas, Golconda; Oscar Bradley, City; August Kripke, Golconda; Phillip Boulware, City, and Arthur Peck, Golconda.

The case will be finished tomorrow afternoon it is thought.

NEW PRAOCHER EXPECTED.

Rev. J. H. Knapp, of Booneville, Mo., will arrive in the city today or tomorrow and will preach his first sermon as pastor of the German Lutheran church Sunday. He succeeds Rev. Hartenberger who has gone to Red Bud, Ill.

FISCAL COURT

Mr. W. B. Padgett Re-elected Keeper of the Poor Farm.

THE ELECTION TODAY

A Vote on the Stock Law is to Be Taken in the Seventh and Eighth Districts.

PROCEEDINGS OF THE DAY.

Mr. W. B. Padgett, the present poor farm keeper, was re-elected unanimously over Hugh Craft, Noah Franklin and a man named Adams, of the county in fiscal court this afternoon. He has made a successful keeper and the board did not care to make a change.

The roof of the jail was ordered repaired and several small allowances made and court then adjourned.

Mr. Wynne Tully was appointed trustee of the summary fund, \$3,000 appropriated by the state several years ago for a college project that afterwards fell through. The fund was formerly in charge of Judge Tully.

The county road supervisor reports that \$17,179.76 have been spent on the county roads this year since April. \$10,526 was spent on the dirt roads and \$6,653.76 on the gravel roads, with general expenses amounting to \$1,014.51, and supervisor's salary amounting to \$975.

It was ordered that the resident voters of the Seventh and Eighth magisterial district be allowed to vote on the proposition to keep all stock up.

A report on the county levy showed that \$19,119.62 had been collected, and \$17,868.87 paid out, leaving a balance of \$1,250.75.

Justices Barber and Dinnaway and County Attorney Graves were appointed a committee to sell the poor farm at not less than \$7,000, either at public or private sale.

STENOGRAPHER RESIGNS.

MR. CHAS. KRAMER TO RETURN TO LOUISVILLE.

Mr. Charlie Kramer, the stenographer and secretary of Master Car Builders Sessions, has resigned his position and will return to Louisville, his former home. He has not decided what he will do but will probably enter the railroad service there.

He has been here several months and is one of the most popular employees of the road. His many friends will regret to see him depart. Mr. A. D. Hathaway, of Louisville, who has been working extra in the Fulton office, and who is now substituting for Mr. Nat Brooks in the master mechanic's office, has been appointed his successor and will go into his new duties as soon as Mr. Brooks arrives, which will be tomorrow. The latter is now in Chicago on a vacation but will return to relieve Mr. Hathaway immediately.

Mr. Hathaway has been here only a short time but has made many friends and acquaintances who will be glad to learn that he will remain here permanently.

HEAVY LOSSES.

SOME INSURANCE COMPANIES REFUSE TO TAKE FURTHER RISKS.

Many of the insurance companies doing business in the state are refusing to take risks on houses located outside of the cities and towns where there is no fire protection, says the Louisville Times.

Many of the older companies which formerly carried all the country business are refusing to accept new risks or to renew old policies. The movement was caused by heavy losses which the companies have sustained in the country districts.

During the past week a number of agents have received instructions to accept no country risks before the special agents of the company had passed on them.

MASS MEETING.

THE PUBLIC REMINDED TO ATTEND THE ONE AT THE CITY HALL.

Mayor Lang has called the council to meet tonight with the Commercial and citizens to take action on the approaching waterways convention, and a large crowd should attend. Everybody is urged to come out and make the meeting a success.

Memory recalls many things, but never the money loaned to your friends.

SCHOOL BOARD

Misses Kettler and Mitchell Were Elected Teachers Last Night.

TWO NEW AMENDMENTS

The Amendment Doing Away With Examination of Applicants for the Superintendent Was Defeated.

PROCEEDINGS OF THE MEETING

The board of education held its regular meeting last night, and there were present in addition to President Reddick and Secretary Rose, Trustees McNichols, Mammen, Weille, Lally, Terrell, Fuller, and Baser.

The regular pay roll, amounting to \$2,867.27 was allowed. Sundry bills amounting to \$956.15 were allowed.

Treasurer Terrell's report showed on hand September 3, \$9,136.28; received and paid out since then amounts sufficient to leave \$9,934.78 on hand. Report received and filed.

Several bills not approved were referred.

Supt. Hatfield's report showed the following enrollment: Washington, 500; Longfellow, 361; Jefferson, 338; Franklin, 345; Lee, 338; Langstaff, 39; Frontier, 49; making total white 3,010 with 800 colored, divided as follows: Lincoln building, 514 and Garfield school 286. Total 3,810, an increase of 232 over the year before.

Supt. Hatfield reported that it was compulsory that he make many transfers as good teaching could not possibly result with that status of affairs. It was apparent that another teacher was needed at the Franklin building which resulted in Mrs. Casey being placed in the additional room erected, upon the recommendation of President Reddick.

As the crowded state still remains at the Franklin and Washington buildings he recommended that two new teachers be elected, one for each school, and that the Longfellow first grade be divided into two classes one taught in the morning for a certain period and the other taught in the afternoon and vice versa. In this manner no preference will be shown to each grade as regards attendance hours. He reported that the high school class had been removed to the third floor of that building, leaving the primary department in entire possession of the ground floor, grammar grades upon the second and other classes above where there is an enrollment of 144, the highest ever known to the high school department of the schools. He recommended that fifty more stationary desks be ordered on account of the extra large enrollment; also that two extra substitute teachers be selected, all those now in service being utilized because of the enforced illness and absence of regular teachers.

The report was received and filed. Secretary Rose reported that the new desks ordered arrived last evening, but that a portion of them was missing, of which the company was at once notified.

Amendments were offered by Chairman Terrell, of the rules and revision committee, one of which prescribes that no pupils shall enter the schools after November unless he or she can show a scar of successful vaccination; another requires that all teachers in the public schools be able to pass a good physical examination, to guard against persons being afflicted with disease being employed in the schools. The third amendment proposed is that doing away with the requirement that all applicants for the position of superintendent of the public schools stand an examination.

The first two amendments were unanimously adopted. The other was killed by a vote of 5 to 4. Trustees Lally, Mammen, Weille and McNichols voting against it.

The board tendered thanks to Mr. Charles Harhart for a fine collection of minerals sent him by his father from the west. He presented them to the high school.

The election of teachers followed, with the following applicants: Miss Ella Donegan, Mrs. Casey, Misses Bertha Kettler, Maud O. Stafford, Mabel Mitchell and Thomas. Upon the third ballot Miss Kettler was elected by the following votes: Fuller, Lally, Mammen, McNichols, Weille, Reddick, Baser, Terrell voted for Mrs. Casey, and Rose for Miss Mitchell.

On the next ballot Miss Mitchell was elected, the vote being: Mrs. Casey, Reddick, Terrell, Baser, Miss Mitchell, Fuller, Lally, Mammen, Weille, Rose; Miss Thomas, McNichols.

The election of substitutes was deferred.

The board adjourned.

ONLY ONE DAY

Mayor Lang Says After the Supplementary Registration.

WOULD VETO REPEAL

Says the Ordinance for the Supplementary Day Will Stand for the Present.

REPEAL AFTER REGISTRATION

There has been considerable talk this morning in political circles of the city council because of the Democratic lead, repealing the ordinance providing a supplementary registration, which could be done in the interim before the next registration day two weeks hence, and prevent anyone else, except those ill or absent, from registering.

Mayor Lang stated this morning that the council would do nothing of the kind, in his opinion, and that he would certainly veto any ordinance that the council might pass repealing the one for supplementary registration.

"I shall recommend, however," declared the mayor, "as soon as the next registration day is over, that the ordinance be repealed, and that there be only one registration day hereafter. I shall leave that recommendation as an heirloom to my successors in office."

"There is no reason why there should be more than one day for registering. There is only one day to vote, and all men who take the proper amount of interest in politics will register on the first day. If they are in the city and not ill, and if they are out of the city or ill, the law provides a way for them to register before the county clerk, so they are not imposed on. If they want to vote they will register on the first day, and should be made to do so. This thing of the city's spending \$150 for supplementary registration days when they are unnecessary should be done away with."

MAY HAVE TO ISSUE THEM.

There seems to be some difference of opinion relative to the city's right to refuse to issue license to street peddlars tomorrow. City Clerk Fisher thinks he will be compelled to issue the license if called upon. There is no law that enables the city to refuse tomorrow, show day, any more than on any other day.

REPUBLICANS MUST REGISTER.

There is one thing evident from yesterday's registration, and that is that either a great many Republicans registered as Democrats, or else they did not register at all. There is a supplementary registration provided by ordinance this month, and the Republicans must come out and register if they expect to vote at any time this year or next. The Republicans have at least six hundred votes that were not registered yesterday, and the full strength of the party must be brought out on the next registration day. There is no reason to be discouraged for the votes are here and will be brought out at the supplementary registration.

There is no reason why Gov. Darbin, of Indiana, should turn Ex-Gov. Taylor over to the Kentucky vampires to be dealt with according to law—"law" as interpreted and enforced by the Democrats. There is no more reason now than there was a year ago. Gov. Taylor was in Kentucky for some time after the indictment was returned, and there was ample time and opportunity to arrest him if they wanted him. The fact is the Democrats, as the election approached, are trying to make political capital out of the indictments against Taylor and Finley. Every time they think it is necessary to arouse the prejudices of some of the backsliding faithful they cross over into Indiana with another registration from the young man at Frankfort who is playing governor. Another thing is, they think the feeling resulting from the assassination of President McKinley may have engendered a sentiment that will enable them to better carry out their nefarious scheme to get the accused Republicans back into the state, and by bringing up the Goebel affair again, get back into line some of the partisans who have decided from sober second thought to steer clear of the gang. The prospects are that Gov. Darbin will again refuse to honor the requisition, for which all people who believe in fair play will be thankful.

It will be seen from the report of the county road supervisor that \$10,500 have been spent on the dirt roads of the county since April. This is about the same that was spent last year, and after the first few hard rains there will be little to show for the expenditure, and next year the same amount of work will have to be done on the same roads at the same cost. What the county needs is gravel roads. These could in time be built with the money that is now being wasted annually in doing work that is destroyed by rain, and there would be something substantial to show for it. The Republicans are for better county roads, and propose to give the farmers good roads, and gravel roads, if elected in November. They have pledged themselves against the policy of wasting money collected from the taxpayers and spent on road work that does not last one season. It is time to call a halt on this kind of extravagance, but there is no way to effectively prevent an annual repetition of it except to elect the Republican ticket. The Sun has before pointed out where teams from town were being taken to the country to do road work at a greater price than they could have been secured from the farmer, and of how some of the magistrates themselves bossed the job, and the same thing may be expected as long as the Democratic clique is in office.

The most important amendment that has been proposed for some time in the school board was last night defeated. This was to abolish the requirement that applicants for the superintendency of the public schools be examined by the local examiners before they become eligible. Instead it was proposed to take their college credentials as equivalent. This was not only a fair proposition, but one that might have resulted in much future benefit to the schools. Good men from a distance are prevented from becoming applicants by this foolish requirement. It is an inconvenience as well as a humiliation for men of unquestioned ability and competency to be required to come all the way to Paducah and be examined for a position that hardly pays enough to get a good man to begin with. It looks as if the board of education wants to shut out all comers. They seem afraid that some one may come along and get the job. Their reason for defeating the amendment is well known. The management of the schools is all right, so far as is known, and may be as good as they want, or as good as is possible to get, but the principle of shutting out everybody who cannot come to Paducah and be examined when eligibility and qualifications are plain, is unjust and unreasonable, just as is most everything the board does.

It is reported that something is about to drop in the vicinity of that Potter Democratic county committee. The better element of the Democratic party, to which the Potter crowd does not belong, is saying nothing and saying wood. "Ex-Chairman" Potter and his crowd of whilom "goldbugs," bolters and whatnot, will soon look like thirty cents, if reports are true, and there is no telling what they will feel like.

The Republican party has always pretended to be the champion of home industries, yet they have by unjust legislation crippled one of the greatest industries in the United States. We refer to the silver industry.—Mayfield Mirror.

The Mirror probably means the silver fallacy. The Republicans did worse than cripple that. They completely annihilated it.

All citizens interested in Paducah and the improvement of the waterways, as well as in showing the proper kind of hospitality to the prominent visitors who will be here, should not fail to be at the city hall this evening to assist in making the arrangements for the Ohio Valley Improvement Association. It is a good chance for Paducah to add to her reputation for being a "good fellow."

The Venezuelan government announces that the country is not on the verge of bankruptcy, and that no forced loans have been exacted. Those who contemplated looting in that quite and peaceful country may now get ready to embark.

It is learned with sincere regret that Mayor Lang has gradually been distanced as a crack shot. He evidently needs practice. He and Dr. Yeiser will have more time to hunt after the next mayor goes into office.

The Schley enthusiasts have begun to yell conspiracy. It begins to look as if the ambulance will have to be called to take away that dreadful "combline" that attempted to deprive him of his credit.

Judging from the number of snakes our metropolitan contemporary is finding the temperance lecturers had better come back.

Our Fourth street contemporary probably got its report about that C. and E. f. extension by "wireless telegraphy."

Our metropolitan contemporary's system of wireless telegraphy must be pretty hard on the taste and solars.

The Boer war and the Philippine insurrection seem to have simultaneously gained a new lease on life.

The C. and E. f. extension—"as published exclusively"—failed to extend.

The city council might now do office hours for the board of health.

COURT AT BENTON.

Judge Hainsworth, Attorney Reed and Attorney Miller went to Benton this morning to reopen circuit court. The damage suit against the Illinois Central railroad brought by Mr. and Mrs. Vinson who claim they were injured at Gilbertsville some time ago by being thrown against the sides of a mixed train on which they were riding and paying for \$5,000 damages each will be brought up today for trial.

KENTUCKY POSTMASTERS.

Washington, Oct. 2.—Kentucky postmasters were appointed as follows: Branstetter, Barren county, J. S. Speckman; vice C. W. Moran, resigned; Lexington, Carlisle county, S. Connor; vice C. E. Leonard, resigned; Spillie, Grayson county, William L. Akridge; vice A. T. Smith, resigned.

DELEGATES APPOINTED.

THEY ARE TO ATTEND TENNESSEE RIVER IMPROVEMENT ASSOCIATION.

Mayor Lang this morning appointed the following well known gentlemen to attend the Tennessee River Improvement Association at Hannuville, Ala., on October 16, Messrs. S. A. Fowler, H. A. Potter and W. H. Rollins.

Messrs. Potter and Fowler are the gentlemen who went to Cincinnati last year and got the approaching Waterways convention for Paducah. A better delegation could not have been selected to attend and represent Paducah than this trio.

JOHNNY KIDS TO MEET.

Chattanooga, Tenn., Oct. 2.—The Confederate veterans will have a reunion and barbecue at Sparta, Tenn., October 4. Gov. McMillin and Judge C. D. Clark, of Chattanooga, will deliver addresses. Pioneers young women on horseback will represent fourteen southern states.

Again Colonel Cady and Mr. Salisbury have gone into the realms of history and secured real history makers to tell the story of the war in South Africa. To illustrate the plangs for power, and struggle for trade, now going on in the Orient, a great spectacular war picture will be offered in a reproduction of The Battle of Tien-Tsin, China, in which the forces of the world powers, the "Gonkas" and "Sikhs," those savage fighters of the East India, and our own soldiers will participate in the rescue of the imprisoned legationaries.

STAMP DEPUTY'S REPORT.

Stamp Deputy Hebert's report forwarded to Washington this morning shows collection last month of \$7,837.18, as against \$9,311.92 the corresponding month last year. Stamps were issued last month for 934 bars of whiskey.

"At Valley Forge" William L. Roberts' Colonial play, is announced for next attraction at The Kentucky Wednesday. The play is said to be built upon the lines of a straightforward love comedy, and tremendous optimism and is more than amply equipped with scenic embellishments. The costumeing is also said to lend a charming blend of color to the general picture. The cast has been selected with a splendid discrimination as to the needs of the play, Mr. Win L. Roberts and Mrs. Olive Martin leading the presenting company in the feature parts. Those who have read the recent stories of Junius Meredith, "To Have and to Hold," "Richard Carvel," "Sweet Alice of Old Vincennes," and kindred publications can see in "At Valley Forge" the realization of the period from which those books were drawn.

BUYS A HALF INTEREST.

Mr. F. D. Wilcox has purchased half interest in the Star Laundry, operated by Mr. J. W. Young, on North Fourth street, and will assist in managing it.

One of the features of the war in South Africa has been the high honors won by the Canadian contingent, the famous Strathcona force, recruited from the ranks of the tough fighters of the plains of Northwest Canada. The King of England, with his own hand, decorated each man with a medal of honor when they passed through England in February on their way home. A detachment of these famous Rough Riders has been secured, and will appear with the Buffalo Bill Wild West this season.

JOINS THE ARMY.

The following from the Hopkinsville Kentuckian will be of interest in Paducah, where the subject formerly resided:

News has been received here that Mr. Edwin F. Steinhages, who moved with his family a few months ago to Atlanta, has enlisted in the regular army.

POLICE COURT.

John Aaron, on motion of the prosecuting attorney, was fined \$5 and costs for being drunk and disorderly. Morris McCain was fined \$1 and costs for breach of ordinance.

No soap, no acids, no borax, no ammonia—nothing but water is needed with **GOLD DUST** to clean anything—pots, pans, furniture, clothes, wood-work. It requires only half the labor as soap or any other cleanser, and costs much less. See that the name "Fairbanks" and the "Gold Dust Twins" are on the package. Refuse all imitations and substitutes.

A signal of red-coated police, the famous protectors of the great frontier of Canada, has been secured, and will appear in the Buffalo Bill Wild West arena this season. A band of flowers from South Africa will also appear, and the public will be given a peep at these famous fighters.

Some poems and a considerable treat, yet they fail to touch.

WHAT SHALL WE EAT TO KEEP HEALTHY AND STRONG?

A healthy appetite and common sense are excellent guides to follow in matters of diet, and a mixed diet of grains, fruits and meats is undoubted.

ly the best, in spite of the claims made by vegetarians and food cranks generally.

As compared with grains and vegetables, meat furnishes the most nutrition in a highly concentrated form, and is digested and assimilated more quickly than vegetables or grains.

Dr. Julius Rosenberg on this subject says: Nervous persons, people run down in health and of low vitality should eat plenty of meat. If the digestion is too feeble at first it may be easily strengthened by the regular use of Sturtz's Dyspepsia Tablets after each meal. Two of these excellent tablets taken after dinner will digest several thousand grains of meat, eggs or other animal food in three or four hours, while the small intestine also contained in Sturtz's Tablets causes the perfect digestion of starchy foods, like potatoes, bread, etc., and no matter how weak the stomach may be, no trouble will be experienced if a regular practice is made of using Sturtz's Dyspepsia Tablets, because they supply the pepsin and diastase so necessary to perfect digestion, and any form of indigestion and stomach trouble except cancer of the stomach will be overcome by their daily use.

That large class of people who come under the head of nervous dyspepsia should eat plenty of meat and insure its complete digestion by the systematic use of a safe, harmless digestive medicine like Sturtz's Digestive Tablets, composed of the natural digestive principles, pepsin and diastase, which actually perform the work of digestion and give the stomach a chance to rest and to furnish the body and brain with the necessary nutriment. Cheap cathartic medicines masquerading under the name of dyspepsia cures are useless for relief or cure of indigestion, because they have absolutely no effect upon the actual digestion of food.

Dyspepsia in all its forms is simply a failure of the stomach to digest food, and the sensible way to solve the trouble and cure the indigestion is to make daily use at meal time of a safe preparation which is induced by the medical profession, and known to contain active digestive principles, and all this can truly be said of Sturtz's Digestive Tablets.

All druggists throughout the United States, Canada and Great Britain sell them at the uniform price of fifty cents for full treatment.

BEN STARR WON.
Yesterday afternoon the Starr brothers shot off the title at La Belle park for the possession of the Nagel and Meyers' loving cup, and Ben Starr won by a score of 40 out of 50 to Mose Starr's 40 out of 50. The cup will remain in charge of the winner for a year, and be shot for again, and if any one member keeps it for three consecutive years, it becomes his property.

Blackache should never be neglected. It means kidney disorder, which, if allowed to run too long, may result in Bright's disease, diabetes or other serious and often fatal complaints. Foley's Kidney Cure cures the kidneys well.

DEATH AT FLORENCE.
Mrs. Mary E. Houser, aged 78, of the Florence Station neighborhood, died yesterday from flux, after a two weeks' illness. She leaves three daughters and four sons, among them being Officer Fayette Houser of the city, the well known police officer. The funeral took place this afternoon, interment at the family burying ground.

WHERE THE POLICE ARE THIS MONTH.
On Captain Henry Bailey has made the following changes in beats, effective last night: Broadway, Kingsley and Nance; Union depot, Deane and Isaac; Freuchtown, Rogers and Beatles; Court street, Potter and Haines; Philverville, Crow and Effer; Third street, Conelens and Efrint; Mechanishurg, Eloh; West End, Suddeth; Rowlandtown, Houser.

When suffering from racking cough, take a dose of Foley's Honey and Tar. The soreness will be relieved and a warm, refreshing feeling and a healing of the parts affected will be experienced.

TO LIVE IN PADUCAH.
Attorney C. C. Grasham, of Smithland, will come to Paducah to live. He has purchased property on Jefferson street and will build a residence. He is one of the many prominent Smithland attorneys who have located in Paducah.

Ayers is represented by Joe W. Bennett, Ruleron and Thomas and R. T. Tyler. Platt has as his attorneys Dick Mose, Tom Bellock and other members of the local bar at Clinton.

County Clerk Laten of Fulton county, has all along stated his intention of putting Ayers' name under the rooster.

SECOND CROP OF BERRIES.
Metropolis, Ill., Oct. 2.—A phenomenal development in strawberries has been discovered on the farm of A. L. Kennedy in the Powers neighborhood. Ripe, well developed berries, were found on a number of the vines, they having produced a second crop equal in every way to the first. The vines were marked and will be watched closely next year. It is possible that a new fall variety has been discovered.

DEMENTED AT METROPOLIS.
Metropolis, Oct. 2.—John Berry, the Upper Market street grocer, and butcher, became suddenly demented and threatened to do injury to those about him with a knife and pistol which he had gotten possession of. As he could not be persuaded to desist the sheriff was called upon to take him in charge. He was confined in jail where he will be held for several days awaiting developments. It is the opinion of some that the derangement is only temporary and that he will be all right in a short time. As this view is held by the court he will not be tried on an insanity charge now.

An Old Friend

S. S. S. has been before the public for many years; from a small beginning it has steadily worked its way to the front, and is now known in every city, town and hamlet in the country. Its staunchest friends are those who have known it longest and have witnessed its acquaintance. Grateful patients in all parts of the country tell of their restoration to health and happiness, and the testimony of these is the highest evidence of the medicine's worth. S. S. S. is more popular today than ever in its history—no remedy stands as high, has ever given such perfect satisfaction or is so reliable in the cure of dizziness, Rheumatism, Catarrh, Congestive Blood Poison, Scrofula, Eczema, Psoriasis, Salt Rheum, Acne, or any disease that originates in the blood. Being strictly a vegetable preparation, you will find it agrees with you much better than a drug concoction or any of the widely advertised potash and mercury remedies, which affect the bowels, muscles and stomach, causing Rheumatism or Dyspepsia. If you have never tried S. S. S., you will be surprised at the immediate good effects, but surely it drives out the poisons and restores the blood to a healthy condition. If there is a sore or ulcer on the body, it begins to heal around the edges, the discharge finally ceases and the blood goes to work, muscular and bone pain vanish, and the skin is relieved of all itching, irritating eruptions. Nervous, run down and anemic people will find S. S. S. just the medicine they need, for blood poverty and ill nourished nerves are responsible for their condition. For old people and children S. S. S. has no equal; taking free from all minerals, it does not marinate or have any injurious effect whatever, and keeps the blood in good condition, thus fortifying against disease. Experience teaches what is good and what is not good; this applies particularly to medicine, and S. S. S. is a remedy that has retained the confidence of the people for nearly 50 years, must have merit—its cures, is the secret of its success. When you call for S. S. S., don't be persuaded to accept something else—there is no substitute for S. S. S. It is the only guaranteed purely vegetable blood purifier, and the safest and best for all blood and skin troubles. Do not let them force an inferior mineral remedy on you because there is a larger profit in it. If you have any blood or skin disease, don't hesitate to write us about it; our physicians will carefully consider your case and advise you without charge. Book on Blood and Skin Diseases free. THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

for no sooner does it get into the circulation than the appetite increases, you grow stronger, and gradually but surely it drives out the poisons and restores the blood to a healthy condition. OSTEOPATHIC TREATMENT.
Osteopathic treatment is always adapted to the condition of the patient, never too severe, and in no case does the claims to moderate ever look. Except upon the face and neck, and when minute official or superficial examination is made necessary, owing to the character of the ailment, treatments are given through clothing sufficient to relieve the most fastidious from all sense of embarrassment. The system is not made for osteopathic treatment that it is a cure-all. It is claimed, however, that there is in osteopathy, treatment a cure for all curable diseases, abnormalities, misplacements and obstructions.

No other system of therapeutics has ever been subject to so severe a trial as has osteopathy. A large per cent of the cases presented for treatment have thus far been those pronounced incurable by practitioners of the older systems of therapeutics, and notwithstanding this crucial test, fully eighty per cent of the cases treated have been cured, and fifteen per cent materially benefited, leaving five per cent incurable, though their general condition may have been somewhat improved. When it is considered that a much has been done for cases pronounced beyond human relief, what may not be hoped for osteopathy in the treatment of the ordinary ailments of the body? No person of intelligence can fail to see and be impressed with the rational methods of its application.

**MINISTERIAL ASSO-
CIATION MEETS.**
Tonight, after prayer meeting at the churches, the Ministerial Association will hold a called meeting in the Y. M. C. A. parlors. Last Monday morning the ministers met with a good attendance and discussed Sunday closing. They referred the matter, it is understood, until tonight when something more definite will be arranged.

**WAND'S MINSTRELS
GOES THROUGH.**
The Harry Ward Minstrel company, going under the name of Wand and Ward's Greater Minstrels, showed in Mayfield last night and were brought to the city this morning by the early morning N. C. and St. L. railroad.

Harry Ward has showed here several times and is well known in the south.

CHAS. H. WOODMAN, EVANSTON, ILL., writes: "My boy, 2-3 years old, had a severe cold, which refused to yield to any treatment until we tried Foley's Honey and Tar. He was completely cured before using one bottle." Take none but Foley's.

THE Y. M. C. A. PENMANSHIP CLASS.
The bookkeeping and penmanship class met for the first lesson in the Y. M. C. A. last night with an attendance of 10. There will be more pupils to enter later but the class is considered quite large as it is.

Mr. Henry Moore is teaching the class and makes a very good teacher. He is one of the best young bookkeepers and penmen in the city and the class will flourish under his tutelage.

J. Odgers of Frothingham, Md., writes: "I had a very bad attack of kidney complaint, and tried Foley's Kidney Cure, which gave me immediate relief, and I was perfectly cured after taking two bottles." Be sure you take Foley's.

TWO FINGERS GONE.
Dudley Overstreet, the colored porter at George O. Hart's, while unloading heavy iron at the Ogilvie building yesterday, had two of the fingers on one hand cut off by the sharp edge of the iron. Dr. Robert-smith dressed the injury.

LEFT LEO BROKEN.
Ed Owen, colored, the driver for August Dinker, of Ninth and Trimble streets, met with a serious accident yesterday while driving the delivery wagon. The animal became unruly and ran away. Owen was thrown out and his left leg broken below the knee. Dr. Rivers dressed the injury.

After exposure, or when you feel a cold coming on, take a dose of Foley's Honey and Tar. It never fails to stop a cold if taken in time.

Mrs. Mattie B. Wilkerson Sues Dr. M. L. Wilkerson for Divorce.

Several Foreclosure Suits Were Filed by Assignee R. G. Caldwell Today.

Mrs. Mattie B. Wilkerson this morning, through Hendrick & Miller, filed suit in the circuit court against Dr. M. L. Wilkerson, now studying dentistry in Louisville, for divorce, alleging infidelity. She also asks for the custody of their child, and attaches \$5,000 of her money deposited in the American bank at Louisville in his name.

The couple is well known in Paducah, where Dr. Wilkerson studied dentistry for some little time. The plaintiff was formerly Miss Mattie Tucker, a wealthy heiress of Hopkinsville, and has many friends and several relatives in Paducah.

She alleges that her husband has wasted her estate. After moving from Paducah some time ago they went to Hopkinsville to reside, and then to Louisville. She sold \$20,000 worth of her property, and \$9,000 of this she gave him to invest in Texas lands for her, the deeds to be taken out in her name, but she does not know if he has done this.

She is again living in Paducah, while Dr. Wilkerson is attending a dental school in Louisville.

Anthony Hope's story is freely followed, the speaking and acting characters are many, the audiences of both matinee and evening performances at the Grand yesterday were enthusiastic in applause.—Kansas City Times.

The little "all steel" tender steamer building for the United States snagboat E. A. Woodruff, at Hogshead's, New Albany, will be ready to send to water in a very short time.
